## PROJECT HIGHLIGHT - RIPTYDZ OCEANFRONT GRILLE & ROOFTOP BAR

RipTydz Oceanfront Grille & Rooftop Bar is the newest addition to the Myrtle Beach coastline and a beautiful one at that! The 17,000 square-foot restaurant is a unique multi-level building with a casual beachy vibe. Just north of the SkyWheel, RipTydz modern design boasts three levels with outdoor space under cover, indoor space, and roof deck space – each with their own bar.

Besides the amazing views of both the ocean and the boardwalk, RipTydz expansive menu & trendy open-air atmosphere cater to both the daytime customer and the late night customer with 500 seats to gather as a family or socialize over live music.

G3 Engineering served as the Engineer of Record. RipTydz, LLC served as the General Contractor.

### MERRY CHRISTMAS & A HAPPY NEW YEAR!

We wish you all peace, prosperity, health & great happiness  
this joyous holiday season and during the year ahead.

From all of us at G3!

## PRINCIPAL HIGHLIGHT FELIX PITTS, RLA

Felix H. Pitts joined the G3 group in 2013 and brought with him over 17 years of site/master planning, entitlement, and landscape architecture experience on resort, residential and commercial projects.

As the in-house Registered Landscape Architect, Felix grew up in Yorktown, VA and graduated with Virginia Tech's class of 1999 with a bachelor's degree in Landscape Architecture and minor in Horticulture. When he is not serving as vice chairman on the Horry County CTC, Felix enjoys spending time with his son, Felix. Whether he's enjoying his time cooking as the culinary critic he proclaims to be, assistant coaching baseball, hunting, fishing, or taking the boat out on the weekends, he simply loves being a dad most of all.

Felix travels between the G3 offices, and we are so glad that he does, because he shares his humor & energy with staff, fellow principals, and clients alike!
